Student Card Stats

Search Students Student Name Qualification : UEE30807 - Post 2009 Electrician

From Year: From Month: To Year: To Month:

Employer

on Single Page

Particular students can be searched by their employer, student name, start date of their profiling and the student’s account status (Active/Archived/Blocked).

Here you can see basic statistics for a student’s card submissions. Particular students can be searched by their employer, student name, start date of their profiling and the student’s account status (Active/Archived/Blocked).

To view all students leave fields clear and click search, or search by the following:

- ⇒ Student Name - first name OR surname of the student.
- ⇒ Period - time period range for the student’s card(s).
- ⇒ Employer
- ⇒ To view all students under your RTO, leave the fields clear and click “Search”. The list will show the following details for each student:

Student Name	Pending Approval	Verified	Rejected	Draft	Cards Not Submitted	Start Date
Joe Bloggs	2	0	0	1	5	01/Oct/2011
30807-1 fdsa	0	0	0	0	17	12/Jan/2011

Monthly Card Test	2	8	0	0	7	01/Jan/2011
30807-2 user	1	0	0	1	5	12/Dec/2011

Once you have brought up the student/s list, you can view the number of cards submitted/rejected/verified/re-submitted by the student:

The Search Results will show:

- ⇒ [Student's name](#) –Click on the student's name to view cards.
- ⇒ [Pending Approval](#)–indicates how many cards have been submitted for verification
- ⇒ [Verified](#)–indicates how many cards have been verified
- ⇒ [Rejected](#)–indicates how many cards have been rejected
- ⇒ [Draft](#) - Indicates how many cards were created as a draft, but not yet submitted to employer
- ⇒ [Cards not submitted](#) - represent a number of weekly/monthly cards that were not lodged by an apprentice since the start of his/her apprenticeship until the current date. The actual number of required weekly/monthly cards may be greater or smaller and it depends on a type of data submitted by an apprentice and the training package requirements.
- ⇒ [Start Date](#) – shows the start date of their Profiling. Click on this title to sort the list by start date.

⇒ Add New Student menu option

This option allows students to be registered onto the Profile21 system.

RTOs/ Trainers can use this function to register new students under your college or department. Here are clarifications for some of the fields used during registration:

- ⇒ [Registration](#) number - this is used to identify the student on the system. The registration number can have a combination of numbers and/or letters. For example, you can use your internal student ID number.
- ⇒ [Employer Details](#) - Select from the drop down list (If employer is not listed assign or add the business in the employer section first).
- ⇒ [Start Date](#) - Enter the start date of the student's initial employment.

The mandatory fields are indicated by asterisk symbol “*”.

Once all of the details are completed, click the SAVE button. The apprentice will be registered on the database and a password generated and shown at the top of the page.

⇒ Released students menu option

Transfer students to your RTO/ Trainer or reinstate a student you have released.

To reinstate or transfer a student to your RTO

- ⇒ Enter the student's surname OR first name in the textbox provided, and then click on “Search”.
- ⇒ Select the student by clicking on their name.

- ⇒ Enter the attachment date, employer and the qualification in the spaces provided.
- ⇒ Click “Save”.
- ⇒ The student will be added to your RTO’s Profiling registration and to your next invoice.

⇒ Query menu option

Run an in depth query using employer/card status/Year/Week/Number of Cards/Student search parameters.

Shows the employer listings assigned to your College or Department User account. Here new employers can be added to the system or current employer’s details updated. Only those employers assigned to your user account are shown. An employer may be on the system but not shown in your list. Before adding an employer you need to find if it is already in the master list by running a search.

To find/add/edit/assign an employer

- ⇒ click on Search/Edit/Add Employers from the Employers menu
- ⇒ a search engine will appear
- ⇒ to find an employer of yours search by full or part of the business name.

To edit an employer’s details or add a new employer user

- ⇒ Click on the company name in the list.

To assign a company to your user account

⇒ Click on Link/Create New Employer(s), search the employer, select the employer and click Link Existing Employer(s). Confirm your selection(s) by clicking on ‘Link Employer(s) to Your Organisation’ button. If you are unable to find the employer then go to create new employer.

⇒ Employer users can be added by clicking on add new user. Once their details are added and saved, the database will generate a temporary password.

Internal system messages can now be sent between your RTO/ Trainer, the employers, the students and profile21’s staff.

⇒ Received Messages menu option

View messages sent to your user account

- To view all messages, leave fields blank and click search, or complete the fields for more specific criteria.

⇒ **Sent Messages menu option**

View messages previously sent from your user account

- To view all messages, leave fields blank and click search, or complete the fields for more specific criteria.

⇒ **Send New Messages menu option**

Send a new message to either a student or employer

- Select the user type and click “Find Users”. This will bring up a list of users for this category.
- Select the user and click “Create Message”.
- Complete the message and click “Send”.

⇒ **Change Password menu option**

When you first login to profile21, to commence profiling, it is a good idea to change your password for security reasons.

Make it something that you will easily remember. Passwords must be at least 6 characters long. Please note the password is case sensitive.

⇒ **Update Personal Details menu option**

Update your personal details on the system, i.e. email, phone number, etc.

⇒ **Edit RTO Detail menu option**

Update your RTO’s details and add/edit your RTO’s users on the system.

To Edit RTO Details

⇒ Click here to update the main RTO address, phone and email.

⇒ New RTO users can be added or edited and existing users can either be archived or blocked from using the system.

Set Qualifications

Set the default qualification for all search features on the system.
